Minutes

The meeting was called to order by our chairman Michael Loeb at 2 pm.

Under new business discussion was made regarding sending a letter to the state board of education. They have the right to waive a termination of a charter contract if the school is doing as well or better than the schools surrounding it. ACCA is out performing all of the schools in the area. Mr. Loeb discussed changes to the letter that was presented as a basis for the request. A motion was put on the floor by Mr. Allen and Seconded by Mr. Jackow for discussion. The changes to the letter were discussed and how we would need to proceed with presenting this letter to the board of education. The timeframe for this request was limited and the special meeting was to be able to make the request within the window of opportunity to do so.

The board voted 3-0 to have the chairman sign and forward the letter.

The meeting was adjourned at 2:20 pm.
